

HOME MAKEOVER

# PLANNING

— month to month —

## JANUARY

The beginning of a new year is a great time to spruce up the HOME OFFICE. Some desk organization and a revitalized space just may help boost your productivity!

## FEBRUARY

Now that all the holiday parties are over, take the opportunity to update your KITCHEN with some new appliances and freshen up the dining room's color scheme.

## MARCH

Make your LIVING ROOM a place you and your family will be excited to gather in. Change up your pillows, purchase a new sofa... maybe mix in some vintage finds!

## APRIL

Treat yourself to a luxurious MASTER BATHROOM (think high-end spa when choosing decor). A new faucet and showerhead will make a huge difference.

## MAY

It's starting to warm up outside, so take the opportunity to give your GARAGE or storage shed an overhaul! Mounted pegboard helps you utilize wall space.

## JUNE

Since May Showers are in the past, you can refinish your outdoor deck, landscape your yard, and otherwise freshen up your home's overall CURB APPEAL.

## JULY

The temperature's really heating up, so head back indoors and tackle your LAUNDRY ROOM! Stylish storage baskets and some new shelving will save the day.

## AUGUST

Your ENTRYWAY is the first thing someone sees when they visit your home, so make a winning first impression with a new bench and a beautiful gallery wall.

## SEPTEMBER

The holidays are creeping up fast, so if your GUEST BEDROOM could do with a makeover, switch out the bed linens and add a couple of new nightstands.

## OCTOBER

The GUEST BATHROOM needs love too! A new shower curtain will make an impact, and some white/light paint on the walls will make a small space look larger.

## NOVEMBER

For an enviable MASTER BEDROOM, create a custom Bassett headboard/footboard at GAHS, and try painting your dresser, mirror, and drawer chest to coordinate!

## DECEMBER

Want to give your children a holiday gift they'll love? Re-do the KIDS' ROOMS in a theme that will grow with them. Check out our Kids' Rooms eMag for decor ideas!
